**REElevant Audience Plan Leading to Awareness Network for CIrcular Economy Use of Recycled TYre materials in city LIFE**

# Workshop

## RECYCLED MATERIALS: RUBBERISED ASPHALT WG and SAC meeting

**RE-PLAN CITY LIFE** project aims to increase awareness on the use of Recycled Tyre Materials (RTMs), promote environmentally friendly behaviors in urban communities, stimulate the adoption of Circular Economy best practices, Green Public Procurement (GPP) and create further opportunities of cooperation and implementation through new projects. The meeting will aim to analyse and discuss which actions and initiatives should be adopted in order to stimulate a wider use of rubberised asphalt.

**Date**: Wednesday, 1st October 2025

**Venue:** h.9.45 – 13.30
**IETU - Instytut Ekologii Terenów Uprzemysłowionych**
Ul. Kossutha 6, 40-844 Katowice, Poland

**On site visit :** h. 14.30 -17.00 Bituminous mass production plant, mineral-asphalt mixtures

The workshops will provide an opportunity to learn about important aspects of using recycled tyre rubber modified bitumen and to present the tools developed within the project to encourage public authorities to become more involved in the use of best practices and green public procurement in road investments. **The workshop, is free and open to anyone**. Meeting will provide a unique opportunity for exchange experiences and interaction with relevant stakeholders.

The aim of Workshop is to provide a lively forum of Stakeholders and to discuss:

- analysis of identified barriers to the use of rubber-modified asphalt
- presenting tools that can help overcome these obstacles
- appropriate strategies for engaging public authorities and implementing GPP aspects
- identifying possible synergies between EU projects and programmes and strengthening cooperation
- Create the basis for new projects.

The full information about the event is available on the website: https://www.re-plancitylife.eu/
